

SHEENA ROMFEL M. MABANTA

UI/UX Designer · Client Coordinator

Mabanta.sheenaromfel@gmail.com · <https://sheenaromfel.github.io/>

PROFILE

Driven and adaptable IT professional with experience in UI/UX design, web development, and technology-based projects. Currently serving as Client Coordinator for a government-contracted Starlink installation program in remote Philippine schools. Known for being thoughtful, detail-oriented, and committed to meaningful, impactful work.

EXPERIENCE

Client Coordinator | *Kenlex Telecoms — DICT Project PIALEOS* October 2025 – Present

- Coordinate client relations for a government-contracted project deploying Starlink internet connectivity to remote schools across the Philippines.
- Liaise between field installation teams, clients, and project management to facilitate smooth project delivery.
- Support installation teams on-site, assisting with setup procedures and ensuring project milestones are met.

Student Intern — Technical Department | *ParasatHD* February – May 2025

- Assisted the technical team with troubleshooting hardware and software issues.
- Supported day-to-day technical operations and provided hands-on problem-solving for system and connectivity concerns.

Community Relations Officer | *Google Developers Student Club* November 2023 – August 2024

- Helped plan and organize club events, workshops, and community activities for student members.
- Coordinated logistics, communications, and outreach initiatives to grow club engagement.

Community Formations Officer | *Google Developers Student Club* August – November 2023

- Supported the formation of community structures and onboarding of new club members.
